

PORTFOLIO

LUIS EMMANUNUEL P. HOFILENA

ABOUT ME

I am Luis Emmanuel P. Hofilena, an Information Technology graduate from FEU Institute of Technology. Throughout my years in college, We were taught more programming languages that are for backend development, which helped me understand, gain knowledge, and lean towards backend development. With this knowledge and experience, I will help contribute in developing systems related to the construction industry, particularly in material supply, project coordination, and service logistics. I believe that backend development plays a crucial role in making sure the integrity is present in each data shared. Apart from backend development, my other hobbies are playing basketball, working out, and spending time with friends.

PROJECT PROPOSAL

SUPPLIER RANKING AND PERFORMANCE SYSTEM FOR PROCUREMENT OPTIMIZATION

THE SYSTEM SHALL ASSESS, RANK, AND CONTINUOUSLY
MONITOR SUPPLIERS ACCORDING TO DELIVERY TIMELINESS,
COST EFFICIENCY, PRODUCT QUALITY, RESPONSIVENESS, AND
CONSISTENCY USING KEY PERFORMANCE INDICATORS. IT
ENABLES DECISION-MAKING BASED ON DATA FOR
PROCUREMENT TEAMS IN SELECTING OR RETAINING SUPPLIERS
TO IMPROVE OPERATIONAL EFFICIENCY AND MANAGE COSTS.

ACHIEVEMENTS

Statement of Achievement

Luis Emmanuel Hofilena

has successfully achieved student level credential for completing the Linux Essentials course, provided by Cisco Networking Academy in collaboration with NDG.

The graduate is able to proficiently:

- Understand the Linux operating system.
- Demonstrate the ability to navigate a Linux system.
- Execute the power of the Linux command line.
- Possess knowledge of Linux security and file permission

Director, Cisco Networking Academy

Certificate of Course Completion

Luis Emmanuel Hofilena

has successfully achieved student level credential for completing the CCNA: Introduction to Networks course.

The student was able to proficiently:

- Configure switches and end devices to provide access to local and remote network resources.
- Explain how physical and data link layer protocols support the operation of Ethernet in a switched network.
- Configure routers to enable end-to-end connectivity between remote devices.
- Create IPv4 and IPv6 addressing schemes and verify network connectivity between devices
- Explain how the upper layers of the OSI model support network applications.
- Configure a small network with security best practices.
- Troubleshoot connectivity in a small network.

Issued on: Apr 15, 2024

ACHIEVEMENTS

IT Specialist - Networking

Issued by [Certiport](#)

Earners of this badge demonstrate foundational networking knowledge and skills, including TCP/IP, networking services, networking topologies, and troubleshooting in wired and wireless environments.

Certificate of Course Completion

Luis Emmanuel Hofilena

has successfully achieved student level credential for completing the CCNA: Switching, Routing, and Wireless Essentials course.

The student was able to proficiently:

- Configure VLANs and Inter-VLAN routing applying security best practices.
- Troubleshoot inter-VLAN routing on Layer 3 devices.
- Configure redundancy on a switched network using STP and EtherChannel.
- Explain how to support available and reliable networks using dynamic addressing and first-hop redundancy protocols.
- Configure dynamic address allocation in IPv6 networks.
- Configure WLANs using a WLC and L2 security best practices.
- Configure switch security to mitigate LAN attacks.
- Configure IPv4 and IPv6 static routing on routers.

ACHIEVEMENTS

PMI Project Management Ready™

Issued by [Project Management Institute](#)

Earners of the PMI Project Management Ready™ badge have an understanding of the concepts within the growing field of project management, and the tools to apply this knowledge to a wide range of opportunities. They have been assessed and validated in the core concepts of project management, business analysis and traditional and agile methodologies used across industries globally. This industry recognized certification is built from a global practice analysis of project professionals.
